

505 -Conventions and Meetings

For information on the next international Convention

<https://www.ysmen.org/events-meetings-conventions/international-conventions/>

International Conventions are held once every two years in even numbered years. They "provide an opportunity to disseminate information and for spiritual renewal for the delegates, and are a source of suggestions and recommendations to the International Council for consideration and possible implementation." The International Council selects a site for conventions at least three years in advance.

2024 Convention “Chiang Mai Thailand”
